Meet Your Mortgage Needs

To Whom it May Concern:

I would like to thank IPA and their professional staff for their excellent direction and leadership on addressing our many concerns and needs. I found your services more than helpful and I would recommend your company to any small business trying to reach the next level. I would also like to send a special thanks to Dwayne Holt, who took the time to meet our entire staff and listen to all of our concerns. I feel his efforts have helped us in re-directing our business in the right direction. The job that IPA has done for us in the past ten days has truly been amazing and I will credit them when we reach the next level.

Sincerely,

Ron Cummings
